### SUMMARY

---

I am a software engineer with a love for all things technology and a passion for serving others. I've had the opportunity to work on a variety of exciting projects and develop my skills in a number of programming languages through scrum continuous integration. What really sets me apart is my love for building relationships with others. I desire to help cultivate a company culture that values employee fulfillment, satisfaction, and overall well-being.

### SKILLS

---

**Front-end** // Javascript, React, Vue.js, HTML, CSS, Sass, Less

**Back-end** // Python, Django, MongoDB, Node, Express, Ruby, Rails, PostgreSQL, MySQL

### PROJECTS

---

**Plumshop.com** // [View Project](#)

- Developed front-end functionality and design with Vue.js and Less
- Created and updated existing back-end endpoints using the Django REST framework
- Collaborated with other developers and teams throughout the company

**Launchpad - Field Agent** – *internal project management tool*

- CRUD application developed with Vue.js and Django
- Developed with Vuetify to streamline design

**Activity Log - Field Agent** – *Internal chat tool*

- Developed and designed an internal chat tool for project managers
- Created the ability for users to tag one another through Vue.js
- Added Redactor WYSIWIG from Imperavi to improve UX/UI

### EXPERIENCE

---

**Software Engineer // Field Agent // February 2021 - February 2023**

- Lead daily team standups with an agile scrum methodology
- Utilized JIRA as a sprint-based project management system
- Deployed code with Bitbucket for trunk based development
- Developed and designed various internal and client facing applications
- Took great pride in building relationships throughout the entire company

**Professional Photographer // Self-employed // January 2010 - June 2022**

- Photographed 300+ weddings and events
- Managed a team of photographers, videographers, and designers
- Delivered excellence in quality while maintaining a one-week turnaround time

### EDUCATION

---

**Software Engineering Immersive // General Assembly, Remote**

**Bachelor of Science: Education // University of Arkansas, Fayetteville, AR**
